Without Trouble-Chicago Beats Pittsburg in the Tenth Inuing and St. Louis Takes Care of the Cincinnatis—Gossip of the Game. The Philadelphias turned the tables on the Brooklyns yesterday and defeated them with ease. The Quakers incidentally increased their lead over the Cincinnatis who were taken into camp by the St. Louis team. The New Yorks outbatted and subdued the Bostons, thereby once more breaking the tie for last place. Chicago took a ball from the Pirtsburgs in the tenth inning, the latter dropping back into sixth place. The results: Philadelphia, 10; Brooklyn, 3.

There was a decided reversal in form displayed by the Brooklyns at Washington Park vesterday in their second game with the Philadelphias. Mindful of their fast ball playing on Monday, the cranks fully expected to see the Champions win again. But to their disappointment. Hanlon's men were signally outplayed by the heavy-hitting Quakers and were the easiest of victims. The Brooklyns could do nothing with Pitcher Bernhard's delivery when hits meant runs. There were many occasions when a safe drive would have sent a Brookman across the plate, but it was not forthcoming. Though his support was rather ragged, Bernhard was very steady in almost every inning, especially in the sixth when the bases were filled and only one man was out. The Philadelphias on the other hand had a picnic with Jack Dunn's curves. They hammered him so hard in the third, fifth and sixth nuings and rolled up the runs so plentifully hat Manager Hanlon was finally compelled to take Dunn out and substitute Harry Howell. latter proved to be a stumbling block, the ng slaggers from Quakertown making but one him during the remaining innings, belehanty, Lajoie and Flick did about batting for Philadelphia and they did hoffit to make the Brocklyn outfielders sil the batting for renadelpha and they did enough of it to make the Brooklyn outfielders decidedly leg weary. The game was not half over before the Brooklyns appeared to be ready to give up, and their in-dolence caused one crank to remark that they were hancing on the ropes and wait-ing for the gong. Sheckard got in his usual muff and did no hitting. Jennings was gullty of some stupid base running, while De Mont and Howell used inferior judgment with the stick at a time when either could have bunted with some sort of a successful result. Kelley played a very clever game at third base and durther convinced the critics that he is likely

r convinced the critics that he is likely we a success in that position. Several tiches by Jones and DeMontreville's secfine catches by Jones and DeMontreville's second base play were among the features.

With two out in the second, DeMontreville
was sent home by McGuire's single with Brooklyn's first run. McGuire actually stole second,
a feat that convulsed both the veteran catcher
and the crowd, but he was left. The Philadelphias got on to Dunn's twisters in the third inning with a vengeance. Two were out when
four runs were rolled up on singles by Thomas,
Slagle, Delehanty and Lajofe, an error by Jones
and a three-bagger by Flick. Keeler scored a
run for Brooklyn in the Champions' half on a
single and a steal of second, followed by Jones's
hit to left.

Dunn was solved again in the fifth. Slagle

Meanwhile Bernhard had steadied down and the Brooklyns could do nothing with him. The Philadelphias kept on hammering Dunn in the sixth. Wolverton singled to left and Cross flied Jones. Bernhard got a life on Kelley's fumble and was forced by Thomas. Slagle lined a base hit to centre and Wolverton came in. Delehanty was equal to the emergency and smashed the ball up against the fence in right fleid for two bases, sending in Thomas and Slagle. Hanlan then took Dunn out and substituted Howell "Del's" batting partner, Lajole, brought him Dels' batting partner, Lajole, brought him n with a ripping single to left. Flick flied to sheckard and the agony was over The score was 10 to 2, and the Brooklyns seemed to lose

was 10 to 2, and the Brooklyns seemed to lose heart.

In the last half of this inning, with Jones on third, Dahlen on second and nobody out, De-Montreville permitted himself to be declared out on strikes, the last ball cutting the plate in two. McGuire received a base on balls and the bass were covered. Then Howell followed De-Montreville's example and when Sheckard tapped a little roller to Bernhard for the third out the cranks groaned. In the last three innings Howell did so well that only one Quaker reached first base. Beautiful plays by Jones, DaMontreville and Dahlen did much to help the youngster out. In the ninth the Brooklyns made their last run on Keeler's scratch hit, Bernhard's wild throw and Kelley's three-bagger to left. The score:

Oliver Shiras of Cornell, the graduate manager of the Intercollegiate games, yesterday confirmed the rumor that a protest had been entered against A. F. Duffy of Georgetown, the champion sprinter of America, competing at the annual championship meeting at Columbia

The objection to Duffy was made by Princeton on such apparently good grounds that if the association lives up to its constitution there is but little doubt that the admittedly fastest runner in the country will be barred out of this

year's contests. The following are the sections of the article on eligibility for competition on which the protest is founded.

Section 1-No one shall represent any college o iniversity as a competitor at any intercollegiate meet ing who is not an amateur as set forth in article XVI.

of this constitution.

See, 2-No one shall represent any college or university as a competitor at an intercollegiate meeting who shall at any time after Feb. 26, 1898, attend any training-table without paying for his board at that training-table an anount equal to that which his board would have cost him had he not been at such training-table.

training table an amount equal to that which his board would have cost him had he not been at such training table.

See 5—No one shall represent any college or university as a competitor at an intercollegiate meeting who has not been a member of that college or university, in good and regular standing, from the 19th of the preceding October

See 5—No one shall represent any college or university as a competitor at the annual field meeting who shall hereafter win a first, second or third place in any open field or track event until he shall have resided one calendar year at the college or university he represents and shall have passed an annual examination on a full year's work.

See 6—No one shall represent any college or university as a competitor at the annual field meeting unless he shall be a student for a degree, taking a special or partial course that requires an amount of preparation for admission, and of work after admission regarded by the college or university he represents as equivalent to the work required by a student for a degree.

It is searcely likely that any serious attempt

student for a degree

It is scarcely likely that any serious attempt will be made to prove that Duffy has violated the amateur definition, while the charge that he has attended a training table without paying his board is a difficult one to substantiate. The known facts of the champion sprinter's career, however, caused athletic legislators, seen yesterday, to form the opinion that he is clearly ineligible to represent Georgetown this season. The charges in relation to his qualification as a student at Georgetown are based on the actions of Duffy last fall, when he took his examination at Princeton, but falled to enter the university, and went to Georgetown instead. It is a moot question whether the Princeton delegates have sufficient information to satisfy the faculty committee that Duffy was not a member of Georgetown in good standing on Oct. Is last, or whether his study while there has been equivalent to the work required by a student for a degree, but the most easily proved charge is that he has not resided one calendar year at the college since he won a first, second or third place in any open track event. The facts in this instance appear indisputable, as among the many victories scored by Duffy before he entered Georgetown was that in the 100-yard A. A. U. championship at Boston last August.

The provision in Section 5 is clearly set forth,

yard A. A. U. championship at Boston last August.

The provision in Section 5 is clearly set forth, and was inserted in the constitution a year ago for the express purpose of preventing the absorption of men by the universities who had previously distinguished themselves as athletes, and the general opinion in intercollegiate circles is that the Executive Committee will promptly rule the Georgetown man out at the session held the day prior to the games.

NEWS OF THE WHEELMEN.

Some New Wrinkles in Team Races to Be Seen This Year. The cycle racing game of this year will. after

the fashion, offer several novelties and special attractions. The motor cycle development, it seems, is not deemed a sufficient novelty. in spite of the large attendance at Vailsburg last Sunday. The N. C. A. officials have planned a clever move to put a stop to team work, which, when carried out, will add to the attraction of motor paced and match races. The idea is simply that of licensing team work and providing for certain races wherein this will be the chief figure. The suggestion came originally from the local handicapper, and the virtue of the N. C. A. plan of organization, which in-cludes clubs, racing men, track owners and promoters, was never better shown than in this case and others of the kind, when it can "turn to" and promptly put a suggestion into execution. The scheme recommended to the promoters of races is to have one event in which men will display all the tactics of team work; pacing, pocketing and everything except actual physical interference. The teams are to be of two men each, and the riders are to decide be-tween them which is to win, the rule of the race being that only one way of a suppose the same from the local handicapper, and the virtue of The Charles Schoolhouse & Son Baseball Club is open to play all teams in the silk and ribbon trade. tween them which is to win, the rule of the race being that only one man of a team can score across the tape. That is the first plan. It com-puls all to start from the same mark with an uncertainty about the winnegs that would cause a lot of guessing and open a field for betting while the lockeying was in progress. Two other plans are: First, to have the winners nominated and the team mates started a bit ahead of the tare are recognized, presemblers: according and the team mates started a bit ahead of the tape as recognized pacemakers; secondly, to have the teams start on different parts of the track, and make it a pursuit race with each contestant having a single pacemaker. These are ideas to be put into execution early in the season, and it is thought that with such Provisions made it will be possible to discipline severely any team work in open events. severely any team work in open events

The beginning of the match races that were talked about last year are at hand. Yesterday two deals were made. One was between Eaton and Freeman on May 20, and the other was a duel between Eaton and Stevens on May 27. Both these matches are to be run at Valisburg. A team match race between Eaton and Kramer versus MoFarland and Stevens is now being negotiated.

Any increased interest in cycling on the road is quickly felt at the racing end, as the foregoing facts indicate. The signs of the track racing game this spring are that the old favorites will be tired out by the new blood. From Louisville and from Boston come private advices that Eddie Baid and Jimmy Michael are "really working and getting good." Down at Manhattan Beach, Charley Miller, the six-day champion, is working hard behind motor cycles, and in the meantime such new ones as Stewart Bolting, Frank Kramer and several who have not yet appeared in the professional field are making training records and preparing to inspire a cry of: "The king is dead! Long live the king."

A rider whose face looked as if he might have been dragged at the end of a rope, feet first, behind an automobile, alighted at a popular roadside rest for wheelmen and when questioned concerning his condition said: "Been learning that I am not a rough rider and a dead shot. If you are not a sharpshooter don't ever try to shoot a dog with your foot. I tried it, missed the cur and took a slide on my face while the brute trotted away, laughing at me, "It was a piece of good advice graphically presented, with views, and it went to the hearts of the listeners. Any increased interest in cycling on the road

casey to buy a union has close work by the champions and the bill could be sent to him.

ark. The Veronas will play on the grounds of the Verona Lake and Park Association.

The Knickerbocker A. C. will open their baseball season on the home grounds at Bayonne next Saturday in a game with the Cranford Baseball Club. The Indications are that considerably more interest will be taken in baseball this season than for several years at Bayonne, and the Knickerbocker A. C. think they will be represented by a team fully as strong as their predecessor, the old N. J. A. C., and will try hard to win the pennant of the amateur league recently formed. FOR THE NATIONAL REGATTA.

Satisfactory Progress Being Made by the Committee in Charge of the Big Event. The local committee of the Harlem Regatta Association is energetically at work perfecting plans for the National Regatta which will be held on the new Speedway course on July 19, 20

and 21.

The last report made by Fred. Vilmar, chairman of the Ways and Means Committee, states that the indications point to a large sum being raised, which, with the money collected by the National Committee, will insure the winners in all the special trial races being sent to Paris. A move has been made to interest the universities in the project, and C. H. Sherrill of Yale and Evert Jansen Wendell of Harvard have been added to the committee. Chairman Vilmar has also received assurance of a large personal subscription from the members of the New York A. C., in addition to the \$250 already subscribed by that club.

Two partial surveys have been made of the proposed course. As far as can be judged without actual measurements, the start will be opposite Fordham Landing, the half-mile post at Bronson's Dock, and the one-mile post just below the naphtha launch works. The most desirable finishing line selected is from the first electric light pole on the Speedway, south of Washington Bridge, to a point opposite the stone steps leading down from the bridge on the Westchester side.

The narrowest part of the course is at the start and this difficulty will be obviated by arranging the programme so that the eight-oared events will be decided at high tide. At present it does not appear that any dredging is necessary, but Chairman Van Raden of the Course and Stand Committee said he could not nositively determine that point until the exact line of start and finish is known.

Secretary Fortmeyer of the National Association reports encouragingly on the prospect of entries from other cities. He has a letter from Secretary Fred W. Andrews of the Detroit Boat Club stating that the club would be represented by intermediate single, double and four-oared crews, a senior pair and four-oared and probably an eight. and 21.

Gold Lace, Our Gertie, Richard J. and Trumpet were withdrawn and Voter figured so much better than the eight others left in that he was backed all over the ring from 7 to 5 to even money. Mesmerist made his début as a three-year-old and on last year's form he found so many supporters that he closed second choice at 4 to 1 after being played down a point.

Liberal odds were on offer against the others including Firearm, who holds the record for the Eclipse course and distance. The Galore threeyear-old Contestor at 20 to 1 showed the way at a good clip round the slight elbow, down the

year-old Contestor at 20 to 1 showed the way at a good clip round the slight elbow, down the hill and well on to the level goins. Voter was hot on his trail and Inside the last furlong Spencer let out a wrap on the Keene candidate. Voter at once ended suspense and came home an easy winner by two lengths. Contestor made a gallant attempt to secure second honors, but Maher brought Maribert up with a rush from the rear and beat the speedy Walden colt a head on the post. Firearm was slow to strike his gait and did not begin to look like a factor until the last furlong when he made up a lot of ground and finished a fair fourth. He is evidently not quite himself yet as the time of the race was four seconds outside his record. Mesunerist, assisted by Voter, Sanders and Belle of Lexington, caused a lot of trouble at the post and then ran a wretched race, finishing absolutely last.

The Larchmont Stakes for three-year-olds that were maidens at the time of entry brought out a field of nine, the withdrawal of Borough and Scales being more than offset by the adding of Kimmage, Belgrade and Cephalalgia. In the absence of any other data stable information was eagerly sought in the paddock, where the air was thick with tips on H. Eugene Leigh's lidrim. The Kingston colt was accordingly played to odds on and at the last furlong pole he looked like a winner. Then Jenkins called on the 10 to 1 shot kilogram and the Rayon d'Or colt drew clean away, winning easily by a length and a half. It was a popular victory for the Jookey Club President. Ildrim, under the whip, beat the Keenes' candidate, Petruchio, two lengths for the place. The added horses might as well have stayed in their stables.

Vulcain, at odds ranging from 7 to 5 to 9 to 10, won the first race easily by a length and a half from Specific after the latter had set the pace for half a mile. Bombshell scrambled home in third position. Old Kriss Kringle, who had been knocking at the door in his preceding races, beat a rather smart field in the selling event over the Withe

"Pittsburg Phil" by winning the closing handicap. Summary:

AMATEUR GOLF CHAMPIONSHIP. H. H. Hilton Forging to the Front in Great Britain's Best Contest.

Special Cable Despatch to THE SUN. LONDON, May 8.-Play in the Sandwich golf championship opened to-day. The weather was wretched and a heavy rain prevailed. In the first round the winners included Scratton of the Isle of Wight G. C., S. Mure Fergusson of the St. Andrews G. C., Dick of the Hoylake G. C., and Lord Winchilsea of the Sandwich G. C.

In the second round the winners included Pollock of the Felixstowe G. C. and Robb and Laidlay of the St. Andrews G. C. THE SUN'S correspondent at Sandwich says the second round for the championship furnished no surprises. The leading men kept their places with the exception of Horace C. Hutchison, who was beaten by Laidlay by 4 up and 3 to play. C. Hutchings beat A. G. Hamilton, an American, by 8 up and 7 to play. The more prominen players still in the field are Hilton, Laidlay, Balfour-Melville, Robert Maxwell, Hutchings, James Robb, S Mure Fergusson, J. L. Low, J. Graham, Bramston and Fry. Tomorrow the third round will be played, when Hilton will meet Maxwell.

meet Maxwell.

It has been expected that on account of the presence of many golfers in South Africa the starters in the fifteenth annual renewal of the amateur championship of Great Britain now in progress at the links of the St. George's G. C., at Sandwich, would not be as numerous as usual. H. H. Hilton, who won the open championship in 1892 and 1896, but who has never won the amateur championship, has been the favorite for this year's event. Those mentioned as survivors number two former amateur champions, J. E. Laidlay and Leslie Balfour Melville, while of the others S. Mure Fergusson was runner-up to John Ball, Jr., in '94, and James Robb filled the second place to Dr. A. J. T. Allan, in 1897. Robert Maxwell, who is to meet Hilton to-day, is a fine young player from North Berwick, who is regarded by many as the coming amateur. He was put out in the fifth round last year by John Ball, Jr., the subsequent winner, but only on the nineteenth hole. New school and old meet in to-day's match, and the winner should have a fair chance to last out for the title. That A. G. Hamilton should have started will be regarded by our players as a mere incident of his flying trip abroad. He is a member of the Baltusrol Golf Club of Short Hills, N. J., where his brother, C. M. Hamilton, is a scratch player, but A. G. Hamilton has not been regarded as out of the consolation set at the open tournaments here. the open tournaments here.

HACKENSACE, May 8 .- The question of Sunday golf reached a climax to-day when petitions were circulated by the Rev. H. Vander wort, First Reformed Church; the Rev. George R. Stair, First Baptist, and the Rev. J. C. Voorhis, Christian Reformed, asking the managers of the Golf Club to close the grounds on Sundays. These papers were largely signed and given to officers of the Golf Club. Those memhers of the club who favor Sunday playing have been making a vigorous canvass to insure the perpetuation of the present open rule for golf, which has been assailed in and out of the club during the past few weeks.

The final round for the cup presented by Mrs. A. E. Smylie brought out a good match yesterday at the Dyker Meadow Golf Club between Miss Louise D. Maxwell and Miss Grace Chauncey, the former winning by 3 up and 1 to play.

The following officers have been elected by the newly organized Fox Hills Golf Club, which is expected to start with about 200 members: President, Bruce Price; Vice-President, J. J. O'Donahue; Secretary, Arthur Hallick; Treasurer, T. J. O'Donahue; Green Committee, W. W. Lowery, Percy R. King and Arthur Hallick.

WITH THE TROTTERS.

Hontas Crooke Beats Quadriga in a Fine Brush on the Speedway.

Chicago road horses belonging to C. K. G. Billings swept the Speedway yesterday. Lucille, 2:00%, driven by Mr. Billings, defeated all the trotters she met, and Hontas Crooke, 2:00, guided by Frank Jones of Memphis, proved to be too fast for the other pacers that were out. Lucille found a persistent though by no means dangerous competitor in the spotted trotter Malacca, 2:18%, by Raiph Wilkes, 2:08%, driven by Nathan Straus. Three times in suc-cession Mr. Straus sent Malacca down the road from the bend to the bridge (Mitchell)

The big son of Whips has never yet measured strides with the siar trotter of the Billings string.

A fine brush between Hontas Crooke and Daniel O'Dell's chestnut pacer Quadriga, 2:083, was the best feature of the afternoon. Both horses were under a hard drive for half a mile or more with no daylight between them. Hontas Crooke always had a shade the better of the argument. Mr. O'Dell kept up the contest until the point of rocks was reached with the stallion about only a neck in the lead. There the New Yorker eased his horse and Mr. Jones followed suit with Hontas Crooke A. C. Fiske's new trotter Waco, 2:184, by Erelong, tried conclusions with Hontas Crooke when the stallion first appeared on the Speedway ground. The handsome horse trotted fast, but it was only play for the pacer to beat him.

Charles Chipman's Philadelphia trotter Jack Miller, 2:174, and George A. Coleman's Kingwood, 2:175, were the contending trotters in a fast brush over the flat Kingwood led all the way by an open length or more, yet the Quaker City trotter kept him busy. After this brush it was expected that Kingwood would measure strides with Lucille, but the two crack trotters did not come together. Mr. Billings and Mr. Straus later sent their single horses home in charge of attendants and took a spin behind the Billings team, Arigal, 2:20%, and Emma S. The hay mares moved the teams on the road. H. O. Armour's brown trotters Bancroft and Erin G. also made a fine showing to pole, as did C. C. Lloyd's crossmatched pair, Malzour, 2:15%, and Richard B., 2:11%. No two of the fast teams met in a brush, John F. Cockerill had his well-knewn pole mare kival, 2:17%, out in single 'harness, rigged with toe weights and a standing martingale. The daughter of Antonio has not yet recovered her old form and she took part in none of the brushes.

LOUISVILLE, May 8. - Bad weather cut the attendance down to the smallest of the meeting and the card was devoid of a stake, the feature being supplied in a free handleap for one mile. It proved the biggest dump of the meeting so far. Tragedy, quoted in some books at 100 to 1, winning in fast time for the condibooks at 100 to 1, winning in fast time for the condi-tion of the track. Both teams were tied in the race and it was agreed to play off on a neutral floor. Ricek, one of the Millville players, was suffering from a dislocated shoulder and did not report. Wallace of the Camden team was picked to play in his place, but Trenton objected, although the regular season closed two weeks ago. The referee austained Trenton's objection and as Millville refused to play another man the game and champion ship were awarded to Trenton. The crowd railed a howl and wanted their money back, but did not get it.
